

Index April 2013-March 2014
Vol 32, Numbers 1-12

A

Allergic cat, investigating; 32:6, P 3

Analgesia

Analgesia, cat, opioids; 32:4, P 4

Analgesia, cat; 32:2, P 2

Analgesia, CRI ketamine; 32:3, P 4

Analgesia, methadone; 32:6, P 3~32:9, P 3

Analgesia, pancreatitis; 32:12, P 2

Analgesia, Tramadol; 32:7, P 4

Anemia, erythropoietin; 32:3, P 2

Anesthesia

Anesthesia, geriatric patient; 32:4, P 4

Anesthesia, giving fluids before; 32:2, P 1

Anesthesia, post-anesthesia blindness, cat; 32:2, P 1

Anesthesia, propofol, safety in cats; 32:3, P 3

Anesthesia, using local; 32:10, P 4

Anorexia, getting sick cat to eat; 32:9, P 4

Appetite stimulants in cats; 32:5, P 1

Aredia, for hypercalcemia; 32:11, P 3

Atopy, canine, cyclosporine; 32:8, P 2

Atopy, canine, similar to food allergy; 32:11, P 1

Atopy, feline, cyclosporine; 32:1, P 2

Atopy, feline; 32:10, P 2

Avian, analgesics; 32:10, P 4

B

Behavior disorder, GI disease as a cause; 32:4, P 2

Behavior

Behavior, dealing with aggressive dog; 32:3, P 4

Behavior, huperzine; 32:6, P 4

Behavior, mouthing in puppies; 32:9, P 2

Behavior, pet store vs. breeder obtained pups

Biting insect hypersensitivity; 32:3, P 3

C

Cardiac biomarkers, cat; 32:7, P 3~32:9, P 1

Cardiac biomarkers, and respiratory signs; 32:8, P 2

Cardiac cachexia; 32:4, P 1

Cardiomyopathy, cat, genetic test for; 32:5, P 3

Cat urine, cleaning carpet; 32:1, P 3

Cervical disk disease; 32:6, P 4

Charcoal, activated, complications; 32:3, P 3

Chest radiographs in the ER; 32:1, P 4
CHF
 CHF, don't restrict protein; 32:5, P 3
 CHF, spironolactone; 32:7, P 2
 CHF, warning signs; 32:5, P 2
Chloramphenicol, unpublished risk; 32:3, P 3
Cisapride; 32:8, P 3
Cobalamin, for chronic diarrhea; 32:11, P 4
Cobalamin, use in cat and dog; 32:12, P 3
Cold compresses, optimal time; 32:3, P 3
Communication skills, building; 32:7, P 2
Compliance, using smart phone; 32:1, P 1
Conjunctivitis, feline, treating; 32:10, P 2
Constipation, cat, CoLyte; 32:4, P 2
Constipation, cat, managing; 32:6, P 3
Cortisol measurement in hair; 32:11, P 2
CPR, ET drug administration; 32:4, P 4
Cranberry juice, for urinary tract infection; 32:5, P 4
Critical ill, warming; 32:10, P 3
Cruciate disease, detecting; 32:10, P 3
Cruciate surgery vs. conservative; 32:5, P 4
Cyclosporine
 Cyclosporine, long-term; 32:9, P 3
 Cyclosporine, use in cat; 32:12, P 3
 Cyclosporine, use with ketoconazole; 32:7, P 1
Cystic ovaries; 32:6, P 4

D

Decontamination procedures; 32:4, P 3
Demodicosis
 Demodicosis, distinguishing localized; 32:11, P 4
 Demodicosis, generalized, milbemycin; 32:1, P 3
 Demodicosis, ivermectin therapy; 32:2, P 2
Dental, feline tooth resorption, diagnosis; 32:10, P 1
Dental, periodontitis, low-dose doxycycline; 32:1, P 1
Dermatophytosis
 Dermatophytosis, over-diagnosing; 32:8, P 3~32:2, P 4
 Dermatophytosis, treatment; 32:5, P 2
Dermatophytosis, cat
 Dermatophytosis, cat, and terbinafine; 32:10, P 2
 Dermatophytosis, cat, novel sampling tool; 32:3, P 2
 Dermatophytosis, cat; 32:2, P 4

Diabetes

- Diabetes, diet; 32:9, P 1
- Diabetes, glargine insulin, using economically; 32:10, P 2
- Diabetes, glargine insulin; 32:8, P 2~32:10, P 2
- Diabetes, problems with PZI; 32:5, P 1
- Diabetes, ProZinc; 32:3, P 1
- Diabetes, PZI insulin, sources of; 32:12, P 1
- Diabetes, Vetsulin; 32:7, P 2
- Diarrhea, cat, non-specific therapies; 32:1, P 1
- Diarrhea, cat; 32:4, P 2
- Diarrhea, chronic, and cobalamin; 32:11, P 4
- Dogs and kids diseases; 32:8, P 3
- Doxycycline, compounded, storage of; 32:5, P 2
- Dysphoria, distinguishing from pain; 32:10, P 4
- Dyspnea, cat, thoracocentesis; 32:1, P 2

E

- ECG app; 32:2, P 1
- Effexor, toxicosis; 32:12, P 2
- Enalapril, as an antiproteinuric; 32:9, P 3; 32:9, P 3
- Endotracheal tube cuff pressure; 32:3, P 1
- Entropion, surgery of unaffected eye; 32:1, P 1
- Environmental guidelines, feline; 32:6, P 3
- Epakitin, as a phosphate reducer; 32:6, P 2
- Erythropoietin, for anemia; 32:3, P 2
- Essential oils, hazards of; 32:5, P 4
- Eye drops vs. ointment; 32:5, P 2
- Eye ointment vs. drops; 32:5, P 2

F

- Famotidine, as appetite stimulant, cat; 32:5, P 1
- Fecal transplants; 32:6, P 1
- Feeding tubes, maintaining; 32:3, P 3
- FIP, testing; 32:9, P 4
- FIP, treatment; 32:5, P 1
- Fluids
 - Fluids, before surgery; 32:9, P 1
 - Fluids, keeping IV fluids warm; 32:4, P 4
 - Fluids, new guidelines; 32:6, P 3
 - Fluids, new recommended rates; 32:7, P 3
- Fluoxetine, for feline urine marking; 32:4, P 2
- Folliculitis, post-grooming; 32:8, P 3

Food allergy

- Food allergy, diagnosing; 32:6, P 1
- Food allergy, how long a trial? ; 32:4, P 3
- Food allergy, mimicking atopy; 32:11, P 1
- Food allergy, preventing; 32:2, P 1
- Food allergy, the challenge; 32:9, P 4
- Food allergy, the food trial; 32:7, P 4
- Food allergy, what's allowed during food trial; 32:3, P 3

Food-responsive GI disturbances; 32:5, P 3

Food stamps for pets; 32:4, P 1

FortiFlora, as appetite stimulant, cats; 32:5, P 1

Forward booking; 32:11, P 3

G

Genesis Spray, use of; 32:4, P 4

GI disease, cobalamin deficiency; 32:1, P 3

GI disturbances, food responsive; 32:5, P 3

Giardia detection; 32:9, P 4

Glargine insulin, using economically; 32:10, P 2

Glargine insulin; 32:8, P 2~32:10, P 2

Glaucoma, management; 32:3, P 3

Glucose monitoring system; 32:5, P 1

Gluten-free food; 32:8, P 1

H

Hamster, antibiotic-induced enterocolitis; 32:4, P 4

Hand asepsis, pre-surgery; 32:6, P 2

Health assessments for pets; 32:11, P 1

Heart disease and body condition scores; 32:11, P 2

Heart disease, and cachexia; 32:10, P 1

Heart failure

- Heart failure, and salt; 32:9, P 2

- Heart failure, pericardial effusion; 32:9, P 3

- Heart failure, refractory edema; 32:9, P 3

Heart patient, evaluating; 32:1, P 2

Heartworm

- Heartworm, and Wolbachia; 32:7, P 3

- Heartworm, doxycycline substitute; 32:4, P 2

- Heartworm, management in the cat; 32:11, P 3

- Heartworm, resistance proved; 32:7, P 1

- Heartworm, slow-kill therapy; 32:3, P 1~32:8, P 4

- Heartworm, split-dose treatment; 32:1, P 2~32:7, P 4

- Heartworm, testing in cats; 32:9, P 2

Heating devices; 32:1, P 4

Hemorrhage, using less pressure to stop; 32:1, P 2

Hepatic lipidosis; 32:8, P 1

Herpes disease, ocular, L-lysine; 32:8, P 2
Hospitalized cat, special needs; 32:12, P 4
Huperzine, for seizures and behavior; 32:6, P 4
Hypercalcemia, using Aredia; 32:11, P 3
Hyperthermia, cooling the patient; 32:10, P 3
Hypothyroidism
 Hypothyroidism, diagnosing via trial; 32:2, P 2
 Hypothyroidism, neurologic signs; 32:5, P 4
 Hypothyroidism, over-diagnosing; 32:6, P 1

I

IBD, budesonide; 32:1, P 4~32:3, P 2
IBD, cobalamin; 32:2, P 2
IM injections, comparing muscle sites; 32:12, P 3
Immunocompromised people and pet diet; 32:10, P 3
Immunotherapy, sublingual; 32:7, P 1
Insect hypersensitivity; 32:3, P 3
Insulin, PZI, problems with; 32:5, P 1
Insulin, PZI, sources of; 32:12, P 1

K

KCS cocktail; 32:8, P 2
Kid diseases and dogs; 32:8, P 3

L

Lepto vaccine, to small dogs; 32:7, P 4
Lick granuloma, treatment; 32:5, P 4
Lipid emulsion therapy for poisoning; 32:5, P 3

M

Malassezia dermatitis, signs of; 32:12, P 4
Mammary tumors, and obesity; 32:10, P 4
Mammary tumors, prognostic factors; 32:3, P 4
Marijuana toxicity; 32:6, P 4
Marijuana, medical, for pets; 32:6, P 1~32:12, P 3
Menace response in muzzled dogs; 32:11, P 2
Microchips, effect of MRI; 32:4, P 3
Mirtazapine, as appetite stimulant, cats; 32:5, P 1
Motion sickness, preventing with an e-collar; 32:11, P 4
Mouth gags, cats, danger of; 32:12, P 3
Mouthing in puppies; 32:9, P 2

N

Neutering, effect on cancer and behavior; 32:11, P 3
Neutering, effect on disease; 32:4, P 1
Neutering, effect on lifespan; 32:7, P 3
NSAIDs, in the ER; 32:9, P 1
NSAIDs, long-term, benefits of; 32:12, P 1

O

Obesity, effect of neutering; 32:11, P 1
Obesity, using L-carnitine for weight loss; 32:11, P 3
Online resources; 32:12, P 3
Osteoarthritis, Adequan; 32:7, P 2
Osteoarthritis, platelet therapy; 32:11, P 1
Otitis, choosing antibiotics; 32:7, P 3
Otitis, topical recipe; 32:1, P 1

P

Pain, distinguishing from dysphoria; 32:10, P 4
Papillomatosis, and IFN-alpha; 32:9, P 2
Pepcid, as appetite stimulant, cat; 32:5, P 1
Perianal fistula, cyclosporine; 32:4, P 3
Periodontitis, low-dose doxycycline; 32:1, P 1
Phosphate reducer, Epakitin; 32:6, P 2
Plavix use in cats; 32:10, P 1
Pododermatitis, idiopathic; 32:8, P 1
Poisoning, IV lipid emulsion therapy; 32:5, P 3
Post-anesthesia blindness, cat; 32:2, P 1
Prednisone use in cats; 32:5, P 3
Probiotics; 32:1, P 4~32:3, P 2
ProZinc; 32:3, P 1
Pruritus
 Pruritus, determining cause; 32:4, P 4
 Pruritus, steroids for; 32:8, P 1
 Pruritus, using fatty acid therapy; 32:11, P 4
Pyoderma, calculating correct dose of antibiotic
Pyoderma, methicillin-resistant; 32:4, P 4
PZI insulin, problems with; 32:5, P 1
PZI insulin, sources of; 32:12, P 1

Q

Quality of life scale; 32:7, P 4

R

Rabbits, meloxicam use; 32:3, P 4
Rabies vaccine reaction; 32:1, P 3
Radiography, dosage of contrast agents; 32:9, P 2
Radiography, sedation for GI study; 32:8, P 4
Renal diet; 32:11, P 3
Reptiles, suitable substrates; 32:3, P 3
Respiratory monitor; 32:10, P 3
Restraint, cat; 32:4, P 3
Rhinitis, cat, treating; 32:12, P 2
Rifampin, for meth resistant Staph; 32:7, P 2
Ringworm, over-diagnosing; 32:4, P 4
Rodenticides, bromethalin; 32:1, P 3

S

Sedation, GI contrast study; 32:8, P 4
Sedation, the fearful cat; 32:3, P 1
Seizures, huperzine; 32:6, P 4
Shampoos, selecting; 32:9, P 2
Shock, harmful effects of steroids; 32:4, P 2
Skunk odor removal formula; 32:4, P 3
Staphylococcus, nosocomial concerns; 32:3, P 3
Staphylococcus, resistant, Rifampin; 32:7, P 2
Steroids, high doses harmful; 32:4, P 2
Steroid-sparing strategy; 32:9, P 3
Stress, eliminating in the cat; 32:3, P 4
Sublingual immunotherapy; 32:7, P 1
Surgery
 Surgery, entropion, unaffected eye; 32:1, P 1
 Surgery, positioning the spay patient; 32:2, P 2
 Surgery, use of impregnated triclosan suture; 32:3, P 3
 Surgery, vascular clips, choosing
Suture material, knotless; 32:7, P 1

T

Tail vaccination in the cat; 32:11, P 1
Terbinafine, dosage for feline dermatophytosis; 32:10, P 2
Thromboembolism, arterial
 Thromboembolism, arterial, cat, use of Plavix; 32:10, P 1
 Thromboembolism, arterial, prevention; 32:8, P 4
 Thromboembolism, arterial; 32:6, P 2
Tonometers, using; 32:5, P 2
Tonometry, necessity of using; 32:10, P 3
Tooth resorption, cat, diagnosis; 32:10, P 1
Tramadol, as an analgesic; 32:7, P 4

Trazodone, dosage; 32:11, P 2
Trazodone, uses for; 32:3, P 1
Turtles, anesthesia; 32:1, P 4

U

Urethral obstruction, novel technique; 32:9, P 2
Urethral obstruction, recurrent; 32:9, P 4
Urinary tract infection, using cranberry juice; 32:5, P 3
Urine marking, fluoxetine; 32:4, P 2

V

Vaccination, in the tail of the cat; 32:11, P 1
Vaccine, rabies, reaction to; 32:1, P 3
Vaccine's 3-year immunity, trusting; 32:12, P 1
Vaginitis, treating; 32:12, P 4
Vascular clips, choosing right size; 32:4, P 4
Venlafaxine, toxicosis; 32:12, P 2
Vet visits, medications given at home before visit; 32:10, P 1
Vetsulin, use of ; 32:7, P 2
Vomiting, cat, chronic, not normal; 32:12, P 1

W

Wellness plans, to increase visits; 32:6, P 1
Wildlife, guide to treating; 32:1, P 2
