

Index Volume 33
April 2014-March 2015

A

- Abuse, radiographic features of; 33:6, P 2
- Acepromazine, Boxer sensitivity; 33:3, P 3
- Achilles tendon repair; 33:8, P 2
- Acute abdomen; 33:2, P 4
- Adequan, for feline arthritis; 33:8, P 2
- Advantage-Multi, for canine demodicosis; 33:8, P 1
- Allergy test, switching from injection to sublingual; 33:1, P 4
- Analgesia
 - Analgesia, arterial thromboembolism, cat; 33:2, P 3
 - Analgesia, Cerenia; 33:6, P 2
 - Analgesia, chronic pain, gabapentin; 33:9, P 1
 - Analgesia, Dexdomitor; 33:5, P 4
 - Analgesia, intra-articular; 33:4, P 2
 - Analgesia, lidocaine; 33:8, P 3
 - Analgesia, neuters; 33:6, P 3
 - Analgesia, Onsior in the cat; 33:7, P 2
 - Analgesia, osteosarcoma; 33:5, P 1
- Analgesics, topical, ingestion of; 33:11, P 2
- Anemia, immune-mediated, tapering prednisolone; 33:2, P 4
- Anesthesia
 - Anesthesia, cat, eliminating hyperthermia; 33:10, P 1
 - Anesthesia, coccygeal epidural for urethral obstruction; 33:2, P 1
 - Anesthesia, maropitant for preanesthesia vomiting; 33:9, P 3
 - Anesthesia, right time to extubate; 33:5, P 4
 - Anesthesia, website; 33:11, P 3
- Animal abuse, radiographic features; 33:6, P 2
- Ant and roach bait ingestion; 33:9, P 3
- App, for veterinary products; 33:9, P 4
- Appetite stimulant, mirtazapine; 33:10, P 4
- Aredia, for osteosarcoma pain; 33:5, P 1
- Arterial thromboembolism, cat, Plavix; 33:5, P 2
- Arthritis, cat and Adequan; 33:8, P 2
- Arthritis, cat and NSAIDs; 33:2, P 2
- Arthrocentesis technique; 33:9, P 4
- Asthma, feline, key points; 33:12, P 3
- Atopy, keeping skin clean; 33:10, P 2
- Atopy, signs of; 33:2, P 2
- Aural hematoma, novel treatment; 33:12, P 4
- Avian, CPR; 33:7, P 3

B

- Behavioral device for cats; 33:10, P 3
- Birth control pills ingestion; 33:11, P 1
- Blood loss, measuring; 33:9, P 2
- Blood transfusion, dog to cat; 33:3, P 1
- Blood units, warming; 33:1, P 4
- Bones, and dental health; 33:3, P 4
- Bordetella vaccine; 33:8, P 1
- Botox, joint pain; 33:7, P 1
- Boxer colitis; 33:12, P 3
- Breeding myths
 - Breeder myths, breed on 10th-14th day; 33:6, P 3
 - Breeder myths, due date is 63 days; 33:7, P 1
 - Breeder myths, negative vaginal culture; 33:8, P 3
 - Breeder myths, smaller puppies are premature; 33:10, P 3
 - Breeder myths, testosterone to increase sperm counts; 33:11, P 2
- Buprenorphine, compounded; 33:6, P 1
- Buprenorphine, perioperative efficacy; 33:6, P 1

C

- Cancer treatment, importance of fatty acids; 33:7, P 3
- Carbohydrates, in cats; 33:10, P 4
- Carbohydrates, the truth about; 33:4, P 1
- Carbs and the cat; 33:11, P 2
- Car harnesses, for pets, testing; 33:1, P 1
- Cat visits, increasing; 33:4, P 2
- Cerenia, as an analgesic; 33:6, P 2
- Charcoal, multi-dose, activated; 33:12, P 2
- Chemotherapy, metronomic; 33:10, P 1
- Chloramphenicol, beware in corneal infections; 33:7, P 1
- Chronic cough; 33:12, P 1
- Colitis, Boxer; 33:12, P 3
- Confinement, post-surgical, trazodone; 33:6, P 2
- Constipation, cat; 33:11, P 1~33:11, P 3
- Corneal infections, beware of chloramphenicol; 33:7, P 1
- Corneal ulcers, Grade III; 33:7, P 4
- CPR
 - CPR, drug doses; 33:3, P 3
 - CPR, epinephrine use; 33:5, P 3
 - CPR; 33:9, P 1
- CRI dosages, calculating; 33:1, P 4
- Crowdsourcing; 33:5, P 1
- Cruciate disease, diagnosing; 33:8, P 4
- Cyclosporine, reducing side effects; 33:12, P 1
- Cyklokapron, used to stop bleeding; 33:4, P 1

D

Dakin's solution, for wounds; 33:7, P 2
DEA waste disposal option; 33:9, P 2
Demodex gatoi, treatment options; 33:2, P 4~33:9, P 4
Demodicosis, treating long enough; 33:1, P 2
Demodicosis, use of Advantage-Multi; 33:8, P 1
Dental guidelines from AVMA; 33:8, P 1
Dental health, bones; 33:3, P 4
Dermal toxicosis; 33:11, P 3
Dermatology pearls, feline; 33:3, P 3
DES forms, obtaining online; 33:4, P 2
Diabetes
 Diabetes, cat, pioglitazone; 33:6, P 4
 Diabetes, IV insulin CRI protocol; 33:1, P 4
 Diabetes, ketoacidosis; 33:9, P 2
Diet
 Diet, and cats; 33:3, P 2
 Diet, canned food for the cat; 33:7, P 4
 Diet, senior, and protein; 33:6, P 1
Dietary trial, what not to feed; 33:3, P 4
Dobermans with CHF, use of pimobendan; 33:1, P 2
Dry eye; 33:11, P 4

E

Ear hematoma, novel treatment; 33:12, P 4
Eating, getting sick cat to eat; 33:6, P 1
Emetic, tranexamic acid; 33:10, P 4
Enteropathy, chronic, comparing two treatments; 33:1, P 4
Eosinophilic granuloma complex, feline; 33:9, P 4
ER, transferring patient; 33:9, P 1
Exotic patient, critical, sedation of; 33:5, P 3

F

Feeding the cat; 33:1, P 1
Ferrets, distemper vaccination; 33:8, P 3
FIP, value of Rivalta test in diagnosis; 33:1, P 4
Fish oil, proper dosing; 33:5, P 4
Fluids, dosing SQ fluids; 33:4, P 3
Fluids, replacement with magnesium; 33:6, P 2
Fluoroquinolones; 33:1, P 3
Fluorouracil poisoning; 33:7, P 4
Food oxidizer pack toxicosis; 33:6, P 2
Food trial, determining length of; 33:11, P 4

G

Gabapentin, for chronic pain; 33:9, P 1
Giardia, indications for antigen test; 33:4, P 4
Gingivostomatitis, refractory; 33:12, P 2
Glaucoma, early signs; 33:5, P 2
Glue ear, in King Charles Spaniel; 33:5, P 3
Greyhounds, reduced drug doses; 33:5, P 3

H

Halitosis, elimination of; 33:5, P 4
Heart disease and sodium; 33:4, P 1
Heart disease, cat, using NTproBNP; 33:2, P 2~33:3, P 4
Heart disease, fish oil; 33:1, P 4
Heart failure, treating the unresponsive patient; 33:11, P 3
Heart failure, use of diuretics; 33:11, P 2
Heartworm
 Heartworm app; 33:2, P 3
 Heartworm tests, perform two; 33:7, P 1
 Heartworm treatment, split-dose; 33:11, P 3
 Heartworm, cat, use of aspirin; 33:7, P 3
 Heartworm, role of Wolbachia; 33:8, P 3
 Heartworm, treatment; 33:3, P 3
Heatstroke, treating; 33:2, P 4
Hemorrhage, stopping with tranexamic acid; 33:4, P 1
House soiling, guidelines for; 33:7, P 2
Hyperadrenocorticism, when to treat; 33:4, P 3
Hyperthyroidism, misdiagnosing; 33:12, P 4
Hyperthyroidism; 33:11, P 1
Hypothyroidism, iatrogenic, cat; 33:6, P 2
Hypovolemic shock, treating; 33:9, P 1

I

IMHA

 IMHA, thromboprophylaxis; 33:1, P 3
 IMHA, transfusing red cells; 33:1, P 3
 IMHA, transfusions; 33:5, P 2
Immiticide, acquiring; 33:1, P 3
Inappropriate elimination, eliminating the odor; 33:5, P 4
Incontinence, estriol; 33:8, P 2
Insulin, IV CRI protocol; 33:1, P 4
Itraconazole, beware of compounded form; 33:12, P 1
Ivermectin toxicosis, treatment with lipid emulsion; 33:4, P 4

J

Joint pain, Botox; 33:7, P 1

K

Kidney disease

Kidney disease, cat, association with type of diet; 33:10, P 1

Kidney disease, cat, predictors; 33:6, P 3

Kidney disease, guidelines for ACE inhibitors; 33:12, P 4

Kidney “insufficiency” ; 33:12, P 2

L

Lameness evaluation, art of; 33:12, P 2

Lavage, using tap water; 33:12, P 4

Learning website; 33:3, P 2

Lipid IV therapy; 33:4, P 4~33:4, P 4

Losartan, for proteinuria; 33:3, P 2

Lymphoma, feline treating IP; 33:9, P 2

Lysteda, used to stop bleeding; 33:4, P 1

M

Malodor, oral, elimination of; 33:5, P 4

Maropitant, for preanesthetic vomiting; 33:9, P 3

Mast cell tumor, chemotherapy; 33:10, P 3

Mastitis; 33:3, P 1

Metronomic chemotherapy; 33:10, P 1

Milk replacers, comparing to dog milk; 33:5, P 1

Mirtazapine, as appetite stimulant; 33:10, P 4

Moldy food poisoning; 33:10, P 2

MRS, and recurrent pyoderma; 33:4, P 3

N

Neutering, effect on cancer and behavior; 33:1, P 1

Neutering, effect on problem behaviors; 33:8, P 2

Neutering, effects of early age neutering; 33:11, P 4

NSAIDs, long-term use; 33:1, P 1~33:2, P 1~33:3, P 1

NTproBNP, using in the cat; 33:2, P 2~33:3, P 4

Nutrition website; 33:2, P 2~33:3, P 2

O

Office visits, cats, ways to increase; 33:3, P 4

Online journal for free; 33:4, P 2

Onsior, for chronic pain, cat; 33:7, P 2

Ophthalmic medication, amount to put in the eye; 33:3, P 1

Otitis, Pseudomonas, strategies for treating; 33:7, P 3

Otitis, yeast; 33:9, P 4

P

Pancreatitis, diet for; 33:12, P 1
Pancreatitis, plasma of no benefit; 33:6, P 4
Parturition, normal; 33:10, P 3
Parturition, when to intervene; 33:3, P 2
Parvo, cell counts; 33:5, P 2
Paying bills by "crowdsourcing"; 33:5, P 1
Perioperative antibiotics; 33:8, P 4
Peritonitis, diagnosing; 33:8, P 4
Pet food, OTC, beware; 33:10, P 2
Pimobendan use in Dobermans; 33:1, P 2
Pioglitazone, for feline diabetes; 33:6, P 4
Plavix, for arterial thromboembolism, cat; 33:5, P 2
Proteinuria, using losartan; 33:3, P 2
Pruritus, managing flare-ups; 33:2, P 2
Puppies, early handling; 33:8, P 2
Pyoderma
 Pyoderma, bathing; 33:2, P 1
 Pyoderma, miconazole; 33:2, P 1
 Pyoderma, recurrent and MRS; 33:4, P 3

R

Rabbit
 Rabbit, antibiotic use; 33:12, P 3
 Rabbit, leafy green diet; 33:2, P 3
 Rabbit, post-procedure pain management; 33:12, P 3
Rabies vaccination, anamnestic response; 33:11, P 1
Rat-bite fever, in pet rats; 33:12, P 2
Rats, rat-bite fever; 33:12, P 2
Reptiles, zoonotic salmonellosis; 33:6, P 3
RER, calculating; 33:10, P 3
Rhinitis, feline viral; 33:9, P 3
Rhinitis, viral, using interferon; 33:10, P 4
Rivalta test, for FIP; 33:1, P 4
Roach and ant bait ingestion; 33:9, P 3

S

Safety harness for dog; 33:8, P 3
Sedation
 Sedation, cat, for anesthesia; 33:2, P 4
 Sedation, critical exotic patient; 33:5, P 3
 Sedation, frightened cat; 33:8, P 4
 Sedation, obstructed cat; 33:9, P 3

Seizures

- Seizures, treating with furosemide; 33:5, P 1
- Seizures, treating with Keppra; 33:10, P 2
- Seizures, treating with levetiracetam; 33:10, P 2
- Seizures, treatment of status epilepticus; 33:4, P 2

- Shock, hypovolemic, treating; 33:9, P 1
- Small bowel disease, cat; 33:9, P 3
- Sodium, and heart disease; 33:4, P 1
- Spinal cord injury, use of steroids; 33:4, P 4
- Staphylococcus, resistant; 33:6, P 4
- Status epilepticus, treatment; 33:4, P 2
- Stomatitis, feline, antibiotics for; 33:9, P 3
- Stress to the hospital, effects of; 33:11, P 4
- Surgery, amputation, video for owners; 33:10, P 4
- Surgery, undescended testicle; 33:10, P 2

T

- Thromboembolism, cat, analgesia for; 33:2, P 3
- Thromboembolism, cat, treatment; 33:4, P 3
- Toilet water ingestion; 33:12, P 3
- Tramadol, dosing; 33:2, P 3
- Tranexamic acid, as an emetic; 33:10, P 4
- Tranexamic acids, used to stop bleeding; 33:4, P 1
- Trazodone, for post-surgical confinement; 33:6, P 2
- Tree tea oil toxicosis; 33:1, P 2
- Tube feeding, cat, care of tube; 33:7, P 3
- Trilostane
 - Trilostane, adjusting dose; 33:8, P 3
 - Trilostane, dosing; 33:1, P 3
 - Trilostane, using; 33:6, P 3

U

- Urethral obstruction
 - Urethral obstruction, conservative treatment; 33:11, P 4
 - Urethral obstruction, sedation for; 33:9, P 3
 - Urethral obstruction, using coccygeal epidural; 33:2, P 1
- Urinary tract infections; 33:5, P 2
- Urine marking, treating; 33:12, P 4
- Uroabdomen, detecting; 33:10, P 2

V

- Vaccination
 - Vaccination, annual, not necessary; 33:10, P 1
 - Vaccinations, over-due; 33:12, P 1
 - Vaccination, rabies, anamnestic response; 33:11, P 1

Vaccines

- Vaccines, Bordetella; 33:8, P 1
- Vaccines, combination, safety of; 33:4, P 1
- Vaccines, given at weekly intervals; 33:6, P 4
- Vaccines, IN by other routes; 33:11, P 1
- Vaccines, mixing between manufacturers; 33:7, P 2
- Vaccines, multiple at one time; 33:5, P 4

W

- Weight, keeping healthy in cat; 33:8, P 1
- Word make-overs; 33:11, P 2
- Wounds, Dakin's solution; 33:7, P 2

X

- Xylitol facts; 33:1, P 2
